In the heart of India's vibrant academic landscape, Bihar Shodh Samaragan stands as a beacon of scholarly excellence and multidisciplinary research. As a peer-reviewed, open-access journal published quarterly in multiple languages, it offers a unique platform for researchers, academicians, and industry professionals to disseminate their findings and exchange ideas across a wide array of disciplines.

The essence of Bihar Shodh Samaragan lies in its commitment to fostering an inclusive academic environment. By publishing in multiple languages, it not only embraces linguistic diversity but also ensures that knowledge is accessible to a broader audience. This approach significantly enhances the dissemination of research findings beyond the anglophone academic world, reaching a more diverse global audience and thereby enriching the academic discourse with a multitude of perspectives.

The journal's multidisciplinary nature is another cornerstone of its philosophy. In today's complex global landscape, the interconnection between different fields of study is undeniable. Bihar Shodh Samaragan recognizes this interdependency and provides a platform where disciplines intersect and interact, from Business and Economics to Engineering and Social Sciences. This holistic approach not only broadens the scope of research published but also encourages the cross-pollination of ideas, fostering innovative solutions to contemporary issues.

The range of topics covered by Bihar Shodh Samaragan is impressively broad. It includes, but is not limited to, commerce development studies, education, law, energy, finance, government policies, history, and science. Such diversity ensures that the journal serves as a comprehensive repository of knowledge and research developments, reflecting the dynamic and interconnected nature of modern academic inquiry.

Open access is another pivotal feature of Bihar Shodh Samaragan. In an era where access to scholarly research can be restricted by paywalls, Bihar Shodh Samaragan ensures that valuable knowledge is freely available to all. This open access policy not only accelerates the sharing of research but also aligns with a broader movement towards transparency and accessibility in academic publishing. By allowing unrestricted access, the journal plays a crucial role in democratizing knowledge and fostering a more inclusive scholarly community.

Furthermore, Bihar Shodh Samaragan is not just a platform for publishing research. It is a call to action for academics, researchers, and students to engage with the latest trends and challenges in their respective fields. The journal encourages submissions of original research work, review papers, and scientific comments, facilitating a robust dialogue on emerging trends across multiple disciplines. This dynamic engagement contributes to the ongoing evolution of academic disciplines and prompts continuous improvement and innovation.

In conclusion, Bihar Shodh Samaragan is more than just an academic journal; it is a vibrant forum for the exchange of ideas, a nurturer of cross-disciplinary collaboration, and a promoter of knowledge without barriers. As it continues to publish cutting-edge research and foster academic dialogue, it not only contributes to the intellectual richness of its readers but also plays a crucial role in shaping the future of multidisciplinary research. In doing so, Bihar Shodh Samaragan not only upholds the tradition of academic excellence but also drives it forward into new, uncharted territories.

-Saurav Suman

## Contents

S.NO.	TOPIC	PAGE NO.
01	जाति भेद उन्मूलन का विमर्श और डॉ. अंबेडकर का योगदान राजेश कुमार	5-8
